THREAT CON 2021

Happening Virtually

Sep 10-11

THREAT CON 2021

Sep 10-11

THREAT CON is an annual international security convention that happens in Kathmandu, Nepal. THREAT CON 2021 will be a virtual event consisting of paper presentations, workshops and panel discussions

THREAT CON is intended to aid the creation of an environment that fosters security and hacker culture.

It facilitates a gateway into the world of InfoSec for developers, security practitioners, IT administrators or anyone interested.
